

BEST OF 2021

THE ONTIC YEAR IN REVIEW

Here we are at the end of another year that has taken us on more twists and turns than we ever imagined. Despite 2021 stopping us in our tracks at times, The Center for Protective Intelligence continued to create eye opening and inspiring content that would support your approach to security during these difficult times. Sit back, relax and enjoy some of our top performing content from this year!

REPORT

2021 MID-YEAR OUTLOOK STATE OF PROTECTIVE INTELLIGENCE REPORT

To better understand the security challenges and opportunities unfolding during the year, Ontic surveyed 300 physical security and IT leaders from U.S. enterprise companies. Learn about what changed course midway through the year and challenges leaders are grappling with as we wrap up the year.

CHECKLIST

HOSTILE TERMINATION PREPAREDNESS CHECKLIST

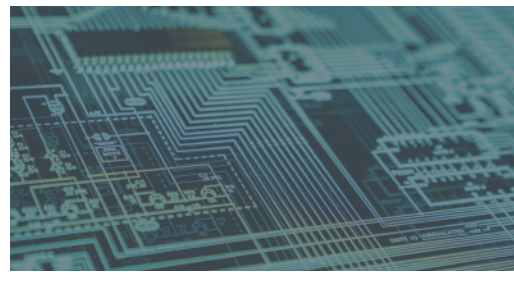

In today's world of endless liability and security threats, what measures are you taking to protect against insider threats? Use this checklist of criteria to consider as you assess your level of preparedness when it comes to terminations.

WHITEPAPER

LEVEL UP YOUR THREAT HUNTING GAME: CREATING INTELLIGENCE FROM ANOMALIES AND PATTERNS

By focusing on granular details, it's easy to miss out on valuable intelligence. Seeing the full picture requires zooming out to identify anomalies and patterns and considering less conventional methods for digesting data. Download this whitepaper to learn about the elements of threat hunting.

WHITEPAPER

THE DEFINITIVE GUIDE TO ESTABLISHING A MODERN PROTECTIVE INTELLIGENCE PROGRAM

What makes up a protective intelligence program, exactly? This guide breaks down the individual elements of a program as they apply to the six stages of the intelligence cycle.

WEBINAR

HOW TO ASSESS YOUR EXECUTIVE'S DIGITAL FOOTPRINT TO IDENTIFY THREATS

It's critical to evaluate executives' physical, as well as online activity, as much of their lives can be traced to social media platforms, online forums and event pages. Listen to a panel of security experts from Twitter, Reputation Defender, and Ontic as they share how to take measures online to secure executives' physical protection.

BLOG

THE CASE FILES: NASIM NAJAFI AGHDAM

This series highlights the pre-incident indicators present before major catastrophic events. This case file spotlights a threat that slipped through the cracks and led to a shocking disturbance at the YouTube corporate headquarters.

BLOG

TOP SEVEN CORPORATE SECURITY LESSONS FROM THE U.S. CAPITOL RIOT

Almost one year later, we continue to learn from the intelligence failures that took place at the January 6th Capitol Riot. Read Fred's seven takeaways from this upsetting event so we can work smarter to mitigate future threats.

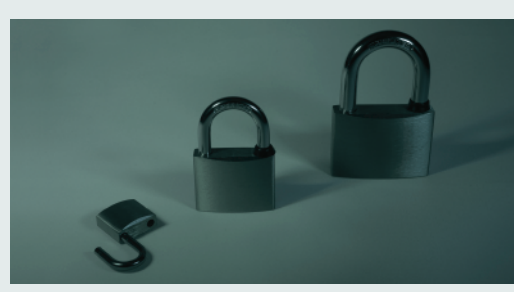

BLOG

THREE QUESTIONS TO UNDERSTAND AND ANALYZE ANY THREAT

Creating a protective intelligence program involves understanding the threat you're facing and why it's important to avoid it at all costs. A 'one size fits all' approach won't suffice in today's threat landscape.
